

## BOYS BRIGADE - ANCHOR BOYS (2012)

Whilst the message of this banner is applicable to all ages, it was considered a simple but strong message suitable for the 6-8 year age range of the boys involved in the making of this banner. Fabric for the hands was prepared by backing with 'Vilene' to give a degree of firmness. Each boy chose a fabric and we drew round their hands for the main banner. The beautiful anchor was made by Sheila whilst Shirley prepared the lettering. The background fabric was a remnant from a pair of curtains donated by a work colleague! It was suitably bright, with the checks adding a bit of interest. The boys all made a mini-banner of their own to take home.
