“We want to thank you most sincerely for the good existing partnership which is between us. The recent projects which you have assisted us with include:- “The Nursery School. It started being constructed last year and it is ready for the intended purpose.

We thank you for this because children will be using the facility to the maximum. The children will be getting more knowledge and skills in learning with the help of the teaching materials and the food that has been bought for the Nursery.”

“We also received funding for assisting elderly people. We bought plastic sheets and mosquito nets. Those who were helped appreciated it and said that God should bless the hands that give for the betterment of the churches.”

“Let us assist each other in the spiritual and moral support to ensure the smooth working of this everlasting partnership between Scotland and Malawi.”

THE FIVE PRAYER HOUSES

“We also want to thank you for the financial assistance to our congregation. The money received was used for assisting the Five Prayers Houses, procuring furniture and doing church maintenance respectively.”

NEW SANITATION

FIVE PIT LATRINES HAVE BEEN BUILT AROUND THE NEW NURSERY AND THE MAIN CHURCH AND THESE WILL MAKE A BIG CONTRIBUTION TO IMPROVE SANITATION IN THE AREA FOR ALL THE CHILDREN AND ADULTS WHO COME TO THE NURSERY & CHURCH THROUGHOUT THE WEEK.
